

### **Gynecologic Patient Financial Responsibility**

Thank you for choosing Atlanta Women's Obstetrics & Gynecology, PC for your gynecological care. We look forward to providing you with prompt, courteous and quality care.

Prior to planning your procedure, it is important that you contact your insurance company, if any, and ensure that you are familiar with your health insurance benefits including deductibles, co-payments, co-insurance, pre-existing waiting periods, non-covered services and pre-certifications. Pre-certification, if required for the procedure by your insurance company, is **YOUR RESPONSIBILITY** in most cases, and failure to comply will result in reduced insurance benefit payments. Our tax identification number is 58-1520845, if your insurance company requests it.

You may also want to contact Piedmont Hospital to pre-register or make payment arrangements prior to your procedure. If you would like more information regarding hospital fees, you may call Piedmont Hospital at 1(855)788-1212. Information regarding other hospital related expenses, such as anesthesiology, can be obtained from Piedmont Hospital as well.

***I have read and understand the above information pertaining to insurance benefits and pre-certification. I fully understand that payment of the bill is my responsibility in the event that my insurance company fails to make payment or pays a reduced portion of the charges submitted.***
